Opis produktu

Spreads, stretches, vibrates and electrifies!
The RC Power Expander Plug from ANOS has vibration and e-stimulation. For perfect backdoor stretching and intense stimulation. The tips of the fancy 2-armed plug are pressed together and then inserted. It returns to its original size once it is in the anus. 2 powerful motors provide reliable and diverse e-stim and vibro pleasure.

The practical remote control can be used to control the 8 e-stim modes and 8 vibration modes which can be controlled together or separately. The remote control has range of 10 metres and this means that it can be used by a partner. The e-stim and vibrations can also be controlled with the buttons on the toy.

The 2-armed anal specialist is made out of velvety soft silicone which means that it is easy to insert. It then pleasantly stretches the anus once inside. Its wide, ergonomic base ensures a safe, secure fit and stops it from sliding in too far as well â€“ for maximum comfort during pleasure and tingling electrifying anal stretching!

Rechargeable â€“ USB cable included.
Please order the battery (AAA) for the remote control separately.

Total length 11 cm, insertion length 9 cm, Ă˜: max. 4.9 cm when squeezed together, max. 6.5 cm when spread out. Ă˜ of tapered part 2.6 cm.
Weight 103 g.
