Opis produktu

With pressure sensor: more pressure â€“ stronger vibration!
Conically shaped Vibro-Analplug Pressure Trainer from ANOS with a sensitive tip. Its versatile 7 vibration modes are conveniently controlled by pressing a button directly on the stopper. The vibration strength is cleverly controlled by the pressure of the anal muscles onto the sensor of the plug located at the constriction â€“ the stronger the pressure, the more intense the vibration. For effective anal training and highly stimulating pleasure!

Made completely out of silicone and covered in silky-smooth Soft Touch texture. The plug is easy to insert, glides almost on its own and adapts perfectly to the anal anatomy. The oval base ensures safe handling and prevents the plug from slipping in, enabling longer use without any problems. The base's shiny look gives the anus an exciting iridescent look when wearing the plug. As it is waterproof, it can also be used in the bath or shower.

Rechargeable â€“ USB charging cable included.
Complete length 14.9 cm, insertion length 12 cm, max. Ă˜ 3.7 cm, constriction Ă˜ 2.4 cm.
Weight 127 g.
Silicone, PU, ABS.
