Opis produktu

This life-like stroker is designed to indulge erotic fantasies and deliver satisfying pleasure. Sculpted from stretchy soft TPE rubber, its round curves and sensual shapes accentuate the tight channel in between. Enjoy a visceral, realistic experience with this body safe toy that feels so good against your bare skin and yields under pressure with a firm flexibility that will drive you wild! Latex free and waterproof. Sculpted TPE stroker Tight inner channel Made from stretchy, soft TPE rubber Includes free C-Ring H x D x W: 4.5 x 8 x 11 inch / 11,4 x 20,3 x 27,9 cm Phthalate & latex free Waterproof Gender X The toy line Gender X is a full collection of innovative shapes and buzzworthy devices that enrich playtime for everyone. These inclusive toys are all about what you could call a 'universal imagination'. It's a 'wall for all,' where the shapes and functions speak for themselves, allowing customers to discover their own pleasure, no matter what that looks like for them. Because some people use G-spot toys for their prostates, and vice-versa, so why not have a line that doesn't impose any particular application at all! People can recognize the shape they want and make their own decision about how they'll use it — that's the key to Gender X. The line includes an array of shapes, sizes and categories, from wands to quadruple stimulators, neon-clear plugs and strokers. Kits, remote toys and partner play products are also included. The line emphasizes form and function over gender suggestion or niche marketing. The simple, unspecific packaging is the point. There is no prescribed way to play — find what you like and choose your own adventure. Gender X is purely user-driven, leaving possibilities open-ended. The result is a welcoming brand that's less about gender and more about the toys themselves — and the toys are exceptional.
