The vinyl pasties peel off the header back and are designed so that the eyes are above the nipples. They even glow in the dark! Kheper Games, Inc. is excited to announce Googly Eye Pasties as an addition to their line of pasties. This set is not edible though, but they do glow in the dark! Why not have a little fun in the bedroom with these humorously sexy high-quality pasties? Get sex. Get silly. Get Googly! Googly Eye Pasties are very inexpensive and come in a set of two. They have adhesive on the backs that easily attach and easily peel off nipples and skin. They are great for giving your lover a laugh and a surprise as you dim the lights and walk into the bedroom with your glowing googly-eyed nipples. Here at Kheper we really strive to add some fun and humor into role play and into the bedroom with products such as this one. explains CEO Brian Pellham. Laughing leads to fun and being fun is sexy! Not every love-making session needs to be serious, funny can be just as seductive.
