Opis produktu

These ankle cuffs from the Guilty Pleasure BDSM collection are made of vegan leather. They have two gold coloured buckles each to adjust the size, and a D-ring to attach the chain with a swivel clasp hook on each end. The D-ring and chain are also great to attach the sub to the furniture! The material that these Guilty Pleasure ankle cuffs are made of, microfiber leather, is the highest quality grade synthetic leather, a high-tech simulation of high-end leather material. Microfiber Leather simulates the structure of natural leather, using sea-island superfine micro fiber (ultra-fine fiber bundle) and high-grade polyurethane resins as raw materials. It has a lot of similar characters as natural leather. Microfiber synthetic leather is the best leather alternative and the optimal leather substitute. It can replace natural leather perfectly!
