Opis produktu

Ready to level up your solo satisfaction? Shoot some lube into the entrance, then sink your cock into the soft flesh sleeve to experience its stimulating ribbed texture. The stroker stretches to accommodate longer or girthier members and completely covers your penis head to provide an all-around erotic encounter. Plus, its ergonomic breast shape top means you can get a good handle on this stroker. Squeeze it as snugly as you want, whether you like it teasing or intense, and relish every rub to an explosive finish.
