Opis produktu

The condoms of the German brand MySize come in different sizes, so there's always one that fits you perfectly. These condoms are made of Vytex Latex, which contains 90% less latex protein than regular latex. Therefore, these condoms are also very suitable for people with a latex allergy. The My.Size Pro condoms do not smell of rubber because they are made of pure Vytex Latex. Thanks to the minimal wall thickness of 0.05 to 0.06 mm, you hardly notice that you are wearing a condom. These condoms are free of animal ingredients and have not been tested on animals. The special closing films are extra thin and therefore easy to open. These are wider, XXXL condoms that feature the following dimensions: Nominal width: 7.2 cm For a penis circumference of 14.5 cm plus Length: 22.5 cm Condom Features Taste: neutral Lubricant: normal Color: clear Texture: smooth Thickness: Ultra thin (0.05-0.06 mm) Quantity per package: 36 Ingredients: Aqua, Hydroxyethylcellulose, Citric Acid, Glycerin, Potassium Sorbate, Sodium Benzoate.
